BOSTON APPLICATION SECURITY CONFERENCE

The bearer of this certificate attended the following presentation on **Saturday, April 5, 2025, from 3:00 PM to 3:50 PM** at the Microsoft Technology Center, 5 Wayside Road, Burlington, MA 01803.

TALK: Supercharge your AppSec Program with OWASP Appdome Consumer Mobile Security Report and OWASP MASVS – Brian Reed

Agenda: As AppSec professionals, securing and protecting our users and business is paramount. This session will delve into data from the OWASP Appdome Global Consumer Mobile Security Expectations Report, launched at OWASP Global AppSec in Lisbon, with a focus on North American consumer insights. We will explore the latest mobile threats such as social engineering, vishing, smishing, fraud, overlay attacks, accessibility exploits, bots, and more. Additionally, we'll provide updates on the OWASP mobile project and demonstrate how to leverage consumer voices in security discussions with developers and business leaders to drive prioritization and success in your mobile AppSec program. This session is applicable to all AppSec teams, whether focused on mobile, web, or API security.

Please retain this certificate as evidence of your attendance at this presentation and submit a claim for **ONE CPE CREDIT** in accordance with the guidelines of your certifying organization.
